

# Original & New Porta-Nailers

You Can Look for A Better Design – But Since You’ve Already Found It...

*The Original Porta-Nailer Hammerhead – the ultimate hammer-actuated hardwood floor installation system. Maximizes flooring tightness!*

From the Best Selling Original, to its New and Improved Design – the Porta-Nailer Hammerhead has been Nailing Wood Flooring for 40 Years and Continues To Nail Tighter Than Ever!

PNI is your one-stop resource for their premier professional-grade products, the Porta-Nailer and Portamatic tongue and groove flooring nailers. World-renowned by professionals and do-it-yourselfers alike, PNI Hammerheads are unmatched for their tight “PREFERRED SEATING” system – the ultimate in speed, dependability and versatility!

## One Tool Does It All!

**PNI’s Hammerhead - Another Great Choice – PNI’s “Preferred-Seating” System Even Easier, Faster, More Durable and Versatile than Ever!**

The Porta-Nailer Hammerhead has evolved making it the ONE TOOL that will do it all (blind nail 3/8" - 33/32" and face nail T&G flooring using interchangeable shoe attachments)! PNI offers a variety of tool packages to accommodate your specific installation needs. PNI’s Quality Management System is ISO 9001-2000 Registered, so you can count on these products to be backed by the highest standards in the industry. The ultimate source for these products is right here. So call or go on line now – and discover the only place you need for the industry-preferred way to install wood flooring.

*Model 403 Kit  
(carry case not shown)*

*The originator and innovator of wood flooring installation, Porta-Nails again reaches the peak of its "Preferred Seating" flooring installation system with its "one tool does it all" design.*

## Features

- Ratcheting ram allows for single or multi-hit guaranteeing nails are properly set every time
- Multi-hit minimizes installer fatigue and provides greater impact and floor tightness
- Porta-Nailer comes ready to nail 5/8", 3/4" and 33/32" domestic flooring.\* Accessory shoes available for nailing 3/8" - 9/16", 15mm to 17mm bamboo as well as face nailing (sold separately).
- Lightweight, durable construction
- Combines high-strength aluminum with precision machined, heat-treated steel parts
- No need to hit tool hard. Multiple blows allow for easy, relaxed installation.
- Versatile applications including: tongue and groove flooring, tongue and groove decorative paneling and ceiling, sub flooring, sheathing and roofing
- A variety of packages are available to address differing customer needs
- Custom designed rugged carry case to keep tool and accessories together
- Limited 1 Year Warranty against defect in materials and workmanship
- Lifetime guarantee on pusher and extension handle
- Free instructional DVD included
- On-line and toll free customer technical support
- Like all Porta-Nail products, PNI's Porta-Nailer® Hammerhead is built to the highest quality standards – in fact, PNI Quality System is ISO 9001-2000 Registered.

## Accessories

- **#40253** Rugged carry case (accommodates 401, 402, 403, 404) (note: carry case is included with all Porta-Nailer package configurations)
- **#40230** 3/8" - 9/16" flooring accessory shoe (402 Porta-Nailer)
- **#40225** Face nail accessory shoe (402 Porta-Nailer)
- **#42626** Angled shoe base for nailing 3/4" flooring over 3/4" plywood over concrete when shorter nails are not available
- **#42620** Nail Set for "T" or "L" Porta Nails
- **#40248** 15-17mm bamboo flooring shoe (402 Porta-Nailer)

\*Imported 5/8" bamboo flooring is usually a metric milled floor and requires our #40248 15-17mm accessory shoe.
